PROFESSIONAL PROFILE

Experienced Senior AI Trainer, Evaluator, and Digital Content Creator specializing in training, fine-tuning, and assessing foundation LLMs and multi-modal models. Proven track record in RLHF, Supervised Fine-Tuning (SFT), prompt-response pair generation, and red-teaming across leading global platforms. Combines technical AI evaluation with expertise as a freelance Graphic Designer and Video Editor (Fiverr & Upwork) to deliver high-fidelity visual and textual data for frontier AI research teams.

PROFESSIONAL EXPERIENCE

AI Data Evaluator & Domain Specialist — Mercor

Feb 2024 – Present

- Perform multi-turn dialogue evaluations, hallucination detection, and preference rankings on complex reasoning tasks for RLHF alignment.
- Author gold-standard reference responses, technical prompt expansions, and logic verifications to optimize reward model scoring.
- Execute adversarial red-teaming protocols and safety auditing to identify jailbreaks, toxic outputs, and policy violations.

AI Systems & Automation Specialist — Miva Open University

Jan 2024 – 2026

- Audit educational platform data structures, multi-modal layout consistency, and automated grading assistant outputs.
- Engineered Python data parsing scripts to validate data pipeline integrity and cross-verify automated visual and textual evaluation outputs.

Freelance Graphic Designer & Video Editor — Fiverr & Upwork

Jan 2022 – Present

- Produce visual assets, promotional videos, keyframe animation, and UI graphics for global clients, maintaining 5-star rating standards.
- Perform video sequence editing, motion design, and thumbnail creation using Adobe Creative Cloud and modern digital media tools.
- Leverage multimedia design skills to evaluate image-to-video and text-to-image generative AI tools for visual accuracy and layout integrity.

AI Data Annotator & Evaluator — OneForma

June 2023 – Jan 2025

- Executed large-scale natural language annotation, semantic segmentation, and intent classification across multi-domain datasets.
- Evaluated generative model outputs for truthfulness, toxicity, bias, and adherence to complex Constitutional AI guidelines.

LLM Data Annotation Specialist — Turing

Mar 2022 – May 2023

- Crafted complex technical prompts and verified code/text generations to improve Supervised Fine-Tuning (SFT) dataset quality.
- Annotated multi-modal datasets by tagging bounding boxes and evaluating text-to-image semantic alignment for visual models.

KEY PROJECTS & AI WORKFLOWS

Large Language Model (LLM) Safety, Alignment & Red-Teaming

Evaluated multi-turn text conversations to ensure strict adherence to safety, ethical, and legal frameworks. Identified adversarial prompt injections, policy violations, and edge-case vulnerabilities, applying comprehensive rubrics to mitigate harmful model outputs.

RLHF & Preference Ranking Optimization

Trained cutting-edge foundation models by providing granular human preference feedback. Generated complex multi-turn prompts, ranked alternative model outputs based on truthfulness and helpfulness, and authored detailed critiques to guide reward models.

Supervised Fine-Tuning (SFT) & Gold Standard Data Generation

Authored thousands of high-quality "gold standard" prompt-response datasets used for model initialization and instruction-following enhancement. Focused on complex logical reasoning, strict formatting constraints, and domain-specific precision.

Multi-Modal AI Training & Multimedia Quality Assurance

Evaluated model behavior across text-to-image, image-to-text, and video generation workflows to verify spatial layout adherence, motion continuity, and visual fidelity. Flagged rendering inconsistencies and annotated complex multi-modal context datasets.

CORE SKILLS & AI INDUSTRY KEYWORDS

MODEL TRAINING & ALIGNMENT
Data Annotation, Model Evaluation, RLHF Alignment, Supervised Fine-Tuning (SFT), Constitutional AI

EVALUATION & RED-TEAMING
Prompt Engineering, Preference Ranking, Hallucination Detection, Red-Teaming, Adversarial Prompting

QUALITY ASSURANCE & DATA
LLM Benchmarking, Semantic Labeling, Edge-Case Resolution, Python (Data QA), Multimodal QA

DESIGN & MEDIA TOOLS
Graphic Design, Video Editing, Motion Design, Figma, Adobe Creative Cloud

GLOBAL AI CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

Generative AI with Large Language Models
DeepLearning.AI & AWS — 2025

AWS Certified AI Practitioner (AIF-C01)
Amazon Web Services — 2025

IBM Generative AI Engineering Professional
IBM — 2024

AI Alignment, Red-Teaming & Safety Specialization
DeepLearning.AI — 2024

Google Cloud Professional Machine Learning Engineer
Google Cloud — 2023

Microsoft Certified: Azure AI Engineer Associate
Microsoft — 2025

EDUCATION & LANGUAGES

M.Sc. in Computer Applications
University of Suffolk, United Kingdom | 2024 – 2025

B.Sc. in Computer Science
University of Abuja, Nigeria | 2018 – 2022

Languages: English (Professional / Intermediate) • Yoruba (Native / Fluent)
