Iyanuoluwa Adebiyi

Content Specialist

adebiyicaleb222@gmail.com | +2347050301256 | https://github.com/adebiyicaleb23 | https://www.linkedin.com/in/iyanuoluwa-adebiyi-5a3a78431

SUMMARY

Content operations professional with expertise in data validation, quality control, and content editing for large-scale information systems. Experienced in managing complex data pipelines, performing rigorous copyreading, and ensuring accuracy across multi-modal publication media.

TECHNICAL SKILLS

Content Operations: Copyreading, Proofreading, Editing, Data Entry & Documentation, Workflow Organization, Semantic Labeling, Data Validation
Technical: Python, XML, HTML, LLM Benchmarking, Data Annotation, Prompt Engineering, Model Evaluation
Tools: Google Workspace, Microsoft Office 365, Figma, Adobe Creative Cloud, CRM Systems
Cloud & Infrastructure: AWS, Microsoft Azure, Google Cloud

EXPERIENCE

AI Data Evaluator & Domain Specialist at Mercor

Tech | Feb 2024 - Present

- Validated multi-turn dialogue and technical content for accuracy, ensuring alignment with strict quality standards.
- Authored gold-standard reference responses and performed logic verifications to maintain high-fidelity data outputs.
- Executed adversarial red-teaming and safety auditing to identify and resolve content policy violations.
- Managed complex reasoning tasks to optimize reward model scoring and data integrity.

AI Systems & Automation Specialist at Miva Open University

Tech | Jan 2024 - 2026

- Audited educational platform data structures and multi-modal layout consistency to ensure publication readiness.
- Engineered Python data parsing scripts to validate pipeline integrity and cross-verify automated grading outputs.
- Resolved coding and formatting errors within electronic content files to maintain system performance.
- Standardized data entry and documentation workflows to improve team publishing efficiency.

AI Data Annotator & Evaluator at OneForma

Tech | June 2023 - Jan 2025

- Performed large-scale natural language annotation and semantic segmentation across multi-domain datasets.
- Evaluated generative model outputs for truthfulness, bias, and adherence to complex content guidelines.
- Maintained accuracy in intent classification and edge-case resolution for diverse information sets.
- Participated in peer review cycles to ensure consistency across annotated datasets.

Freelance Virtual Assistant, Graphic Designer & Video Editor at Fiverr & Upwork

Tech | Jan 2022 - Present

- Delivered administrative coordination and client communication for international businesses, maintaining 5-star rating standards.
- Managed email correspondence, calendar scheduling, and CRM updates while meeting strict project deadlines.
- Produced visual assets and UI graphics using Adobe Creative Cloud and Figma for digital publishing.
- Evaluated generative AI tools for layout integrity and visual fidelity in multimedia projects.

LLM Data Annotation Specialist at Turing

Tech | Mar 2022 - May 2023

- Verified code and text generations to improve dataset quality for instruction-following models.
- Annotated multi-modal datasets by tagging bounding boxes and evaluating text-to-image semantic alignment.
- Crafted technical prompts to support content acquisition and model training goals.
- Resolved semantic labeling discrepancies to ensure high-quality training data.

PROJECTS

Supervised Fine-Tuning (SFT) & Gold Standard Data Generation

Python | Jan 2023 - Present

- Authored thousands of high-quality gold standard prompt-response datasets for instruction-following enhancement.
- Applied strict formatting constraints and domain-specific precision to ensure data accuracy.

LLM Safety, Alignment & Red-Teaming

Python | Jan 2024 - Present

- Evaluated multi-turn text conversations for adherence to safety and ethical frameworks.
- Identified adversarial vulnerabilities and applied comprehensive rubrics to mitigate output errors.

EDUCATION

University of Suffolk, United Kingdom | University of Abuja, Nigeria | Master's
