SUMMARY

Resourceful operations specialist with a background in managing complex workflows, CRM systems, and remote administrative projects. Expert at troubleshooting technical bottlenecks and streamlining processes to support business growth.

TECHNICAL SKILLS

Administrative: Virtual Assistance, Client Communication & CRM, Email & Calendar Management, Data Entry & Documentation, Workflow Organization
Technical: Google Workspace, Microsoft Office 365, Canva, Figma, Adobe Creative Cloud, Python, Data Parsing
Operations: Project Management, Research & Vendor Coordination, Process Improvement, Event Logistics, Technical Troubleshooting

EXPERIENCE

Freelance Virtual Assistant, Graphic Designer & Video Editor at Fiverr & Upwork

Operations | 2022 - Present

- Managed end-to-end administrative tasks including calendar scheduling, CRM updates, and email correspondence for international clients while maintaining 5-star rating standards.
- Designed marketing assets, promotional videos, and UI graphics using Adobe Creative Cloud and Figma to support client branding initiatives.
- Automated repetitive data entry and documentation workflows to increase operational efficiency for small business owners.
- Resolved complex client inquiries and coordinated project logistics across multiple time zones to ensure timely delivery of services.

AI Systems & Automation Specialist at Miva Open University

Operations | 2024 - 2026

- Audited platform data structures and automated grading outputs to ensure layout consistency and accuracy.
- Engineered Python scripts to validate data pipeline integrity and cross-verify automated visual and textual evaluation outputs.
- Optimized internal data organization processes to improve retrieval speed and reporting accuracy for management.

AI Data Evaluator & Domain Specialist at Mercor

Tech | 2024 - Present

- Performed multi-turn dialogue evaluations and preference rankings on complex reasoning tasks to support project objectives.
- Authored gold-standard reference responses and technical prompt expansions to refine model performance.
- Executed adversarial red-teaming protocols to identify vulnerabilities and ensure compliance with safety policies.

AI Data Annotator & Evaluator at OneForma

Tech | 2023 - 2025

- Executed large-scale natural language annotation and intent classification across multi-domain datasets.
- Evaluated model outputs for truthfulness and adherence to complex guidelines to ensure high-quality deliverables.
- Resolved edge-case inconsistencies in semantic labeling to improve dataset reliability.

LLM Data Annotation Specialist at Turing

Tech | 2022 - 2023

- Crafted complex technical prompts and verified code generations to improve instruction-following dataset quality.
- Annotated multi-modal datasets by evaluating text-to-image semantic alignment and visual fidelity.
- Collaborated on dataset refinement projects to meet strict formatting and logical constraints.

PROJECTS

Virtual Assistance & Remote Operations Management - Administrative Workflow Optimization

Google Workspace & CRM | 2022 - Present

- Managed asynchronous communication, task tracking, and document formatting for digital agencies.
- Automated administrative workflows and maintained organized spreadsheets to support business operations.

Multi-Modal AI Training & Multimedia Quality Assurance - Visual Asset Evaluation

Adobe Creative Cloud & Figma | 2023 - Present

- Evaluated image-to-video and text-to-image generation workflows to verify spatial layout adherence and visual fidelity.
- Flagged rendering inconsistencies and annotated complex multi-modal context datasets.

EDUCATION

University of Suffolk, United Kingdom | University of Abuja, Nigeria | Master's
